

OVER THE EDGE

■ 321 □ 345 ■ 365 ■ 403

12

PAR 4

Accuracy is the key on this hole. Favor the right hand side of the fairway which narrows past the 150 yard barber pole. The approach is much easier from an even lie on top of the hill. This approach also plays at least one dub shorter than the yardage to a green that slopes from back to front. Fly the ball to the green to get it to stop, if you land short of the green it may run over the back.
